

Laserliner

Duraplane G360 Set 175cm

Robust horizontal 360° line laser with anti-drift system and hand receiver

Ideal for quick and precise alignment of horizontals and inclinations indoors and outdoors. The device offers a very well visible laser line and a high measurement reliability. The application is comfortable due to the various mounting options and the practical battery status display. The set includes a levelling staff and a tripod.

- Time-saving drawing of horizontal lines in the whole room
- Exact work through fine and extremely bright laser line
- Reliable measurement through warning of unwanted position changes
- Easy alignment of slopes
- Laser booster doubles the visibility of the laser
- Battery status indicator
- Robust, dustproof and waterproof
- Integrated hand-held receiver mode for outdoor applications
- Fast detection of laser lines by handheld receiver
- Crank tripod of aluminium
- Easy-to-read, highly stable levelling staffs for use even under extreme conditions
- Second lithium battery and charger included in the set

TECHNICAL SPECIFICATIONS

SELF-LEVELLING RANGE	± 3.5° (horizontal)
ACCURACY	± 0.2 mm / m
LEVELLING	horizontal automatic
VISIBILITY (TYPICAL)*	60 m
WORKING RANGE WITH HAND RECEIVER	(depends on how the technology affects the difference in brightness) 60 m
LASER WAVELENGTH	515 nm
LASER CLASS	2 / < 1 mW (EN 60825-1:2014/AC:2017)
POWER SUPPLY	Li-ion battery pack 7.4V / 2.6Ah Power supply 12V/DC / 2000mAh
OPERATING TIME	approx. 10 hours
OPERATING CONDITIONS	0°C ... 50°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
STORAGE CONDITIONS	-10°C ... 70°C, max. humidity 80% rH
DIMENSIONS (W X H X D)	125 mm x 145 mm x 120 mm
WEIGHT	812 g (incl. battery pack / without accessories)
	* at max. 300 lux
